30th INTERNATIONAL BALTIC ROAD CONFERENCE

Dear colleagues!

The Baltic States offer many great experiences to the travellers. Peaceful and inviting nature, white beaches, well preserved old towns, friendly people. To facilitate good relationships with our neighbours and to keep exploring the beautiful sights of our countries, we need to ensure easy travelling.

Therefore, the theme of the 30th International Baltic Road Conference is **harmonized mobility in the Baltics**. I invite you to celebrate the anniversary of our conference with us and come to Riga, the elegant art-nouveau capital of Latvia. Specialists from Estonia, Latvia and Lithuania, as well as, from all over the world are welcome to join discussions and share ideas about current road topics, future of mobility and road transport.

It is a great honour to host the conference in its anniversary year. I hope that people from all areas of the road sector will use this platform and find many ways for cooperation.

Looking forward to seeing you in Riga in 2021!

Jānis Lange
Chairman of the Baltic Road Association
Chairman of the Board

Riga, the capital city of Latvia and the host city of our conference, will captivate anyone who comes for a visit. The Old Town is a UNESCO World Heritage Site. Fans of architecture will find exquisite Art Nouveau buildings and 19th century wooden houses. Dynamic culture scene will offer the Latvian National Opera and Ballet, concerts, exhibitions and performances of many local and world-class artists. However, if you need a break from the city noise, sandy beaches are just a short train or bus ride away.
